

11 May 2012

Dear Colleague,

As part of AMMA's 2012 National Conference in Perth, the Australian Women in Resources Alliance (AWRA) is hosting an AWRA **Information Breakfast** for members of industry who wish to know more about this initiative.

The Australian Women in Resources Alliance has been created to further develop and engage one of the greatest under-utilised sources of talent in the industry- women.

We would be delighted if you would join us for this information session (breakfast will be provided beforehand), to learn more about AWRA and the opportunities a more gender diverse workforce brings to the industry.

A continental breakfast will be available to all attendees during this session on **Thursday 24th May 2012 from 7.15 am to 8.15 am 'Botanical Three' at the Burswood Entertainment Complex.**

AWRA has commenced a series of key activities to realize it's objectives; including establishing an AWRA accreditation process, managing an AWRA induction program, preparing a series of AWRA Way Forward Guides on key gender diversity strategies and facilitating and building consensus on an ongoing basis amongst key stakeholders through meetings, conferences, newsletters, a support facility and website management to enhance gender diversity in the resources sector.

Come and hear more about how you can be part of AWRA and what significant benefits membership of this innovative new initiative will bring to your organization.

To attend the *Information Breakfast* please **RSVP by Friday 18th May 2012** to candice.byrnes@amma.org.au along with any special dietary requirements you may have.

We look forward to seeing you in Perth.

Sincerely Yours

Minna Knight
